

# McDowell + Service Dental Laboratory

## *Lunch + Learn*

**With so many restorations around such as**

**Emax, Cam Bars, Fortress Zi, Locators,  
Valplast, Implants, Zirconia, Ball Anchors**

It is no wonder there is confusion around as to which appliance, crown or both, would be best. With this in mind we have put together an informal presentation on some of the products which we feel may give your surgery a more informed choice and keep you at the leading edge of dental technology.

McDowell + Service Dental Laboratory was formed back in 1979 and has a wealth of experience in all dental fields, so from single crowns through to combination cases on implants, let us work with you on choosing the correct prosthesis

With the time constraints of a busy surgery it is hard to find room in your schedule to fit in a half/one hour appointment. So we are happy to fit this in over lunch at your surgery for minimal inconvenience.

**Contact Jesse on 02890 370708 to arrange an appointment**

**Includes lunch and 1 certified C.P.D hour**

**McDowell + Service Dental Laboratory Ltd**

**THE  
DENTAL  
AWARDS  
WINNER 2012**
