

SHOCKBUSTER

Sports Mouthguards

WE HAVE IRELAND COVERED

G.A.A. have made it compulsory for football players to wear mouthguards in games and training.

SHOCKBUSTER is a brand name custom made mouthguard supplied by your dentist.

SHOCKBUSTER mouthguards are designed to be tough, impact absorbing, resilient, close fitting and retentive, tasteless and odourless and suitable for use in any sport.

Suitable for junior and senior players.

Contoured and smooth at the border edges to ensure comfort for the wearer.

SHOCKBUSTER comes complete with name in guard and protective case with **SHOCKBUSTER** logo.

Boil + bite mouthguards from sports shops are not recommended as often are a very poor fit and can block the airway if a blow is received causing suffocation and breathing difficulties.

Available in all team colours & clear. Contact your dentist and request a **SHOCKBUSTER** Mouthguard.
