**Section 1 – Identification**

**Product Name:** Soft EVA Mouthguard (various thicknesses)  
**Manufacturer:** KEYSSTONE INDUSTRIES 52 King Street Myerstown, PA 17067  
**Chemical Name / Synonyms:** Ethylene – Vinyl Copolymer  
**Information Contacts:** (856)-663-4700  
**Emergency Phone Numbers:** US & Canada (800) 535-5053  
**Family:** EVA  
**EU Address:** KEYSSTONE EUROPE LLC. Batavenweg 7 5349BC OSS, Netherlands  
**Product Use:** Sheet Resins to form Mouth Guards or Trays  
**Product #:** Various

**Section 2 – Hazards Identification**

**EMERGENCY OVERVIEW**  
This information is based on findings from related or similar materials.

- Material is not considered hazardous by OSHA per 29 CFR 1910.  
- This product is combustible and will burn in fire and emit irritating smoke. Dust from this product can form an explosive organic dust cloud. Dusts and heat – released air emissions may be irritating to the eyes, skin, and respiratory system.  
- Spilled pellet(s) may present a slipping hazard.  
- Molten Resin cause severe thermal burns.

**Potential Health Effects, Signs and Symptoms of Exposure:**

**Primary Route of Entry**  
**Inhalation, skin, and ingestion.**  
**Eye**  
Solid or dust may cause irritation or corneal injury due to mechanical action.  
**Skin**  
Prolong contact is essentially non-irritating to skin. There can be mechanical injury, if impacted with skin. Under normal processing conditions, material is heated to elevated temperatures; contact with the material can cause thermal burns. No adverse effects anticipated by skin absorption.  
**Ingestion**  
If un-formed material becomes lodged in subject’s mouth, do not swallow, spit it out.  
**Inhalation**  
Inhalation of dust may cause respiratory irritation. Fumes produced during thermal process may cause irritation.  

*NOTE: Refer to Section 11, Toxicological Information for Details*

*(items in parenthesis relate to 1999/45/EC)*

See Section 16 for Hazard and Precautionary Statement Key.

**Section 4 – First Aid Measures**

Solid Product is neither an irritant nor gives off hazardous vapours at ambient temperatures.

**First Aid for Eye**  
This material is non-irritating upon contact, except upon impact as any foreign particle in the eye.  
**First Aid for Skin**  
Not a hazard at ambient conditions. Washing hands is preferable after use. Contact with heated material may cause thermal burns. Do not attempt to remove material from skin. Cool rapidly with cold water. Obtain medical treatment. Treatment as any normal thermal burn.  
**First Aid for Ingestion**  
Do not swallow. Material is not expected to cause an ingestion problem.  
**First Aid for Inhalation**  
N/A

**Method:**

- Extinguishing Media: Suitable extinguishing media for the surrounding fire should be used.
- Fire Fighting Instructions: Combustible product that may release, but not limited to, carbon monoxide, carbon dioxide, vinyl acetate, and acetic acid.
- Unusual Hazards: Use self contained breathing apparatus when fighting fires.

**Section 6 – Accidental Release Measures**

- **Spill or Release Procedures**
  - Minor spills – Clean up immediately. Slipping hazard.
  - Major spills – Clear area of personnel. Restrict access to area. Clean up immediately. Slipping hazard.
  - See section 8 & section 12.

**Section 7 – Handling and Storage**

- **Handling**
  - No special handling requirements.
- **Storage**
  - Store in a cool, dry location away from sparks. Avoid sunlight.
- **Explosion Hazard**
  - None.

**Section 8 – Exposure Controls / Personal Protection**

- **Engineering Controls**
  - No special engineering controlled required.
- **Personal Protective Equipment**
  - **General**
    - To identify additional Personal Protective Equipment (PPE) requirements, it is recommended that a hazard assessment in accordance with the OSHA PPE Standard (29CFR1910.132), or European Standard EN166 be conducted before using this product.
  - **Eye/ Face Protection**
    - Wear safety glasses with side shields. Wear face shield during thermal process.
  - **Skin Protection**
    - Thermal insulating glove when handling molten product.
  - **Respiratory Protection**
    - None under ordinary operating use.

**Section 10 – Stability and Reactivity**

- **Stability:** Stable solid
- **Hazardous Decomposition Products:** Vinyl acetate, acetic acid, CO2, CO.
- **Incompatibility (Materials to Avoid):** Sunlight, heat, sparks.
- **Hazardous Polymerization:** Will not occur
- **Conditions to Avoid:** Heat, sunlight, sparks.

Section 13 – Disposal Considerations

Dispose of in compliance with governmental regulation (state and federal).

Dispose of container and unused contents in accordance with federal, state and local requirements. For EU Member States, please refer to any relevant Community provisions relating to waste. In their absence, it is useful to remind the user that national or regional provisions may be in force.

Section 14 – Transport Information

Non-regulated, non-hazardous material: DOT, IATA, IMO (IMDG).

Section 15 – Regulatory Information

US Federal Regulations

<table>

</tbody>
</table>
This product contains the following chemicals which are subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372:

- None

This product complies with US TSCA requirements.

None of the chemicals in this material have a SNUR under TSCA.

The components to this product are listed on the appropriate applicable state regulations.

Ethylene-Vinyl Acetate Copolymer - CAS# 24937-78-8, Not controlled under WHMIS.

- DANGER SYMBOLS: N/A – non hazardous
- HAZARD STATEMENT: N/A
- PRECAUTIONARY STATEMENT: N/A
